CENTRAL INTELLIGENCE AGENCY

31 May 1973

MEMORANDUM FOR: Mr. James Woolsey
General Counsel
Committee on Armed Services
United States Senate
Washington, D. C. 20510

SUBJECT: Ambassador Helms' Response to Question
Raised at 30 May 1973 Committee Hearing

I have relayed to Ambassador Helms the question raised at the 30 May 1973 hearing regarding whether or not he had made any record of the 23 June 1972 meeting which he and General Walters had with Messrs. Ehrlichman and Haldeman in the White House, and just received the following response:

"I have never repeat never made any written note or record of 23 June 1972 communications with Haldeman and Ehrlichman. Only General Walters did. Confusion apparently originates from page 87 of the Senate Armed Services transcript where in lines 11 and 13, the speaker should be identified as General Walters rather than Ambassador Helms."
